

# Removable Wallpaper/Vinyl Guide

Only wallpapers and vinyls labeled as "removable" are permitted for use on gallery walls. Please use one of the preferred vendors listed below. These vendors have been confirmed to not leave residue on MICA gallery walls.

Vinyl/wallpaper from any other vendor must be tested on gallery walls before gaining approval from Exhibitions Staff for installation. Students must provide a sample to the Office of Exhibitions two weeks before install. Failure to do so may result in damage to gallery walls and subsequent fines.
